## Tips on ways to prevent landslides

The city of Seattle will hold two free events on ways to protect against landslides at 10 a.m. Oct. 29 at Northgate Community Center, 10510 Fifth Ave. N.E., and on Nov. 12 at South Seattle Community College Judge Warren & Nobie Chan Education Center, 6000 16th Ave. S.W.

The city said last year nearly 100 landslides were reported in Seattle, and this winter heavy rains are likely. The program will include discussion with landslide experts and prevention tips.

Registration is not necessary. For information, contact Tyson Lin at (206) 684-8443.
